*Frontiers in Tumor Immunology:  
Innovative Immunotherapies*

17. Mai 2011

Dear Mr. Fraps,

I would like to thank you very much for participating in our first meeting on *Frontiers in Tumor Immunology: Innovative Immunotherapies* that was held at the beginning of May in Tübingen. So far the resonance from those attending the meeting has been extremely positive and your amazing “art of wizarding” definitely contributed to this success. As an “expert” in the field of tumor immunology, you managed to enchant the audience.

I hope you enjoyed your stay in Tübingen and had a good journey home.

Best regards,

.....  
PROF. DR. HANS-GEORG RAMMENSEE

(HEAD OF THE DEPARTMENT OF IMMUNOLOGY  
DIRECTOR OF THE INTERFACULTY INSTITUTE FOR CELL BIOLOGY)
