

To whom it may concern

Düsseldorf, 16. September 2009

Dear Mr. Fraps,
Dear Mr. Hartling,

Your magic show "Metamagicum" was one of the social highlights of the ECTRIMS conference held in Düsseldorf from 09th-12th September 2009. This conference, the largest conference on the topic of Multiple Sclerosis, attracted more than 5.000 delegates from all over the world.

For the gala dinner held in the evening on Friday, 12th September 2009 we had chosen your magic show to entertain more than 500 dinner guests.

Your highly original show, specifically geared towards an intellectual audience and scientists in particular, was very well received. It contributed a lot to the success of the evening.

All best wishes for the future and kind regards

Hans-Peter Hartung, MD
President of ECTRIMS
